

REVISED

DISCONTINUATION OF EC TROPONIN AS A SEPARATE LAB ORDER

Effective Date: **November 2, 2016**

As of **November 2, 2016**, all troponin orders at Grosse Pointe, Troy and Royal Oak will collapse to a single option: **Troponin I**.

	Test Name	Test Code
Epic	Troponin I	LAB7028
Soft LIS	Troponin I	TROPG

EC Troponin I (Epic LAB5041, Soft ECTRP) will be discontinued as a separate order, as it is no longer required to assure rapid turnaround time. All samples from emergency centers will continue to be handled as STAT orders. This change will simplify and streamline troponin ordering at all sites.

Physicians will need to update personal preference lists. Facility preference lists and order sets will also be updated in Epic.

Sample collection requirements for Troponin I remain unchanged. Please refer to the Laboratory Test Directory for details.

If you have questions, please contact Client Services (1-800-551-0488, option 5).
