

BEAUMONT LABORATORY

Locally based, nationally recognized

Beaumont Laboratory has the resources of eight hospital laboratories to support our physicians and patients in the Metro Detroit area. We perform most testing onsite, so your patients' specimens do not travel out of state to be performed.

Our pathology team partners with our clients to provide state-of-the-art laboratory services at the local level. Health care providers gain access to a total laboratory partner and valued advisor, which is integral to patient care from early diagnosis through treatment and recovery.

- team of 500 people locally to support your laboratory services
- founding member of Joint Venture Hospital Laboratory
- performs 15 million tests annually
- individualized consultation by board-certified pathologists
- 2,000 couriers stop daily to transport specimens to our labs in a timely manner
- stat services during operational hours
- patient and family-centered care
