### Once per Admission Laboratory Tests: New Beaumont Laboratory Policy

Effective Date: December 5, 2017

The Beaumont Laboratory Test Utilization Committee has identified specific tests that should only be performed once during a patient's hospital stay. EPIC will perform a search and if a result for these tests is identified within the Lab Results section of the patient's chart, then a repeat order will **NOT** be permitted.

Below is a screenshot of what a physician would see in EPIC when such a test is ordered:

This policy has been approved by Farmington Hills, Grosse Pointe, Royal Oak, and Troy Beaumont Health Medical Executive Committees.

If you feel that it is necessary to have a test repeated, please call Client Services (1-800-551-0488, option 5) and they can put you in touch with your onsite pathologist.

The following tests have been approved as “**Once per admission**” tests in EPIC:

- Alpha Fetoprotein (AFP), non-pregnant
- ANA (Anti-Nuclear Antibody)
- Anti-Centromere Antibody, IgG
- Anti-Histone Antibody
- Anti-Mitochondrial Antibody (AMA)
- Anti-Neutrophil Cytoplasmic Antibody (c-ANCA, p-ANCA)
- Anti-RNP
- Anti-Smith
- Anti-Smooth Muscle Antibody (ASMA)
- CA 125
- Cancer Antigen 15-3
- Cancer Antigen 27.29
- Carbohydrate Antigen CA 19.9
- CEA (Carcinoembryonic Antigen)
- DNA-DS (Double Stranded DNA)
- Hemoglobin A1C (Glycosylated Hemoglobin A1C)
- Hepatitis A Antibody, IgM (HAV IgM)
- Hepatitis A Antibody, Total (HAVAB)
- Hepatitis B Core Antibody (HBc)
- Hepatitis B Core Antibody, IgM (HBc IgM)
- Hepatitis B Surface Antibody (aHBs)
- Hepatitis B Surface Antigen (HBsAg)
- Hepatitis C Virus Antibody (HCV)
- Immunoglobulin G (IgG) Subclasses
- Jo-1 Antibody, IgG
- Lipid Panel (Trig, Chol, HDL, LDL)
- Prostate Specific Antigen Screen, Total (tPSA)
- Prostate Specific Antigen, Diagnostic
- Protein Electrophoresis, Serum
- Rubella Antibody IgG
- Rubeola (Measles) IgG Ab
- Rubeola (Measles) IgM Ab
- Scleroderma Antibody SCL-70, IgG
- Serum Immunofixation (Protein Immunofixation)
- Serum Monoclonal Gammopathy Evaluation
- Sjogren SSA Antibody
- Sjogren SSB Antibody
- Sjogren's Antibodies (includes SSA/SSB)
- Free T4
- TBG (Thyroxine Binding Globulin)
- Thyroglobulin
- Anti-Thyroglobulin Antibody
- Thyroid Antibodies
- Thyroid Peroxidase Autoantibody
- Thyroid Autoantibody Panel
- TSH (Thyroid Stimulating Hormone)
- Thyroid Stimulating Immunoglobulin
- Urine Protein Electrophoresis (random)
- Urine Protein Electrophoresis, 24 hour
- Varicella Zoster Virus (VZV) Antibody IgG
- VDRL/RPR, Qualitative
