

Addendums to Pathology Reports/ Supplemental Report Grosse Pointe, Royal Oak, Troy

Effective Date: April 1, 2018

Effective April 1, 2018, Pathology will start a new process for adding supplemental information to reports. This additional/supplemental information (example - special stain results or Cytogenetics report) will be located at the bottom of the report under the title "Addendum".

This is a change from the current practice of adding supplemental information within the header at the top of the report.

There will be no change in the process for creating amendments/revisions to reports.

Please see the example below:
