

Outreach Serum Tube Type Acceptability Change

Effective Date: November 5, 2018

Effective November 5, 2018, Beaumont Laboratory will no longer provide BD 8.5 mL Rubber stopper SST to our clients. Please order the 13x100 mm 5.0 mL BD Vacutainer® Plus plastic SST tube.

Beaumont Laboratory will be implementing new equipment which cannot accommodate the rubber stopper tube. Please be aware that the gold top tube is 40% smaller and may require an additional tube on some orders.
