

### COVID-19, Flu, RSV by NAA & SARS-COV-2 (COVID-19) and Influenza AB by Nucleic Acid Amplification POC—Discontinued

Effective Date: July 19, 2022

Due to the decline of positive influenza cases in the community, Beaumont Laboratory will be discontinuing the current COVID-19, Flu and RSV combination tests effective July 19, 2022 on both the Cepheid and the Roche Liat (point of care) platforms.

If a STAT Flu test is required for patient treatment or placement, please contact your site infectious disease department or order one of the routine tests below.
